INGREDIENTS

- 12 cups apples, about 14 medium
- 1/3 cup coconut sugar
- 2 teaspoons cinnamon
- 2 teaspoons pure vanilla extract
- 1 teaspoon lemon juice
- 1/2 teaspoon nutmeg
- 1/2 teaspoon allspice
- Pinch salt

METHOD

Wash and slice apples (no need to peel). Place apples into Instant Pot.

Add all other ingredients to the Instant Pot and pressure cook on high for 20 minutes.

When done, release pressure and carefully remove lid.

Stir apple butter to mix ingredients.

Transfer apple butter to a blender or use an immersion blender to blend until smooth. Blend less if a chunkier butter is desired.

Pour into jars and let it cool for a couple of hours on your counter, then cover and refrigerate overnight.

Keep it stored in your fridge. Stores for 2 to 3 weeks.
